EVENTS EXECUTIVE - TAQNEEQ

December 2023 - February 2024

PROJECTS

OPENCV SUBWAY SURFERS

Made a gesture-controlled Subway Surfers game for Taqneeq's pre-event! Players use body movements to control the character, like they're really running the game. (Uses **OpenCV** and **MediaPipe** for movement detection)

DEVELOPED A COMPREHENSIVE HEALTH AND WELLNESS WEBSITE (COLLABORATIVELY)

Built a web app to assess BMI, recommend diets, suggest exercises, and track calorie intake.

OPEN SOURCE CONTRIBUTION

Contributed to Project Mirage, a collaborative web app build at GDSC MPSTME. We built features individually, then unveiled them together to create a surprising and innovative final product
